

i4.0 today

Innovation & future technologies

MEDIA KIT 2023

**AN EXCLUSIVE
PLATFORM
DEDICATED
TO EMERGING
TECHNOLOGY
AND THE FUTURE
OF INDUSTRIAL
REVOLUTION.**

2017 saw the launch of i4.0 Today, our exclusive platform dedicated to the concept, technology and future of Industry 4.0. The only dedicated Industry 4.0 magazine in the electronics industry.

With the ever changing world of innovation and technology constantly progressing, 2023 sees our brand reflect this - evolving to incorporate i4.0 technologies and beyond. This growth allows us to expand on our services, bringing the latest high technology news to audiences far and wide.

OUR TEAM

We are a team of strategic thinkers, creative geniuses and technical gurus. What we share is our passion for high technology, innovation and delivering outstanding results for our clients.

OUR PROCESS

We really know our industry, but first we want to find out more about your business, your clients and your goals.

Then we begin our magic... We position your brand where it needs to be - in front of the right eyes, on the best platform and at that perfect moment.

OUR SERVICES

We are not just another publication, we are an interface for sharing all innovative news, research and development within a huge range of industries.

Our mission is to lead the innovation movement and give an insight into Robotics, Artificial Intelligence, Internet of Things, Smart Factories, Additive Manufacturing, Aerospace & Space, Big Data and Automation.

“

We've enjoyed working with i4.0 Today for a few years now, and it's been a wonderful experience. The publication sets itself apart from competitors with beautiful design aesthetics. The team isn't afraid to explore new marketing trends, which is hard to come by in this industry.

OUR UNIQUE RELATIONSHIPS

i4.0 Today works with a wide array of industry associations, technology leaders and manufacturers throughout the world.

Print Advertising Specifications -

Please send final artwork to connect@i40today.com

KEY

- Full page trim dimensions
210mm wide by 297mm high.
(8.26" wide by 11.7" high.)
- "Safe" Area for content
200mm wide by 287mm high.
(7.9" wide by 11.3" high.)
- - - Submitted Size - full page
bleed dimensions
216mm wide by 303mm high.
(8.5" wide by 11.9" high.)

Artwork to be supplied CMYK, 300dpi print ready PDF.

Full page artwork to be supplied at 216mm wide x 303mm high - this will include the 3mm (0.15") bleed all round. This will be trimmed during the print process to produce the final size of 210mm wide x 297mm high. This ensures ink will bleed off the edge of the page.

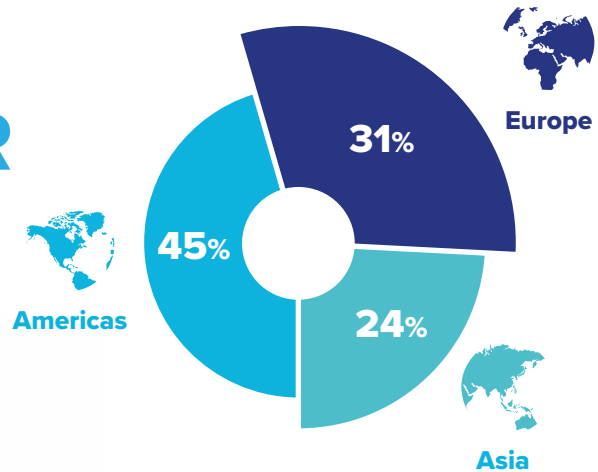

Text content to be no less than 5mm (0.2") from finished edge.
